Re: Stoughton's FY 2012 SOI Status

Dear Superintendent Rizzi:

The Massachusetts School Building Authority (the "MSBA") would like to thank Stoughton (the "District") for expressing an interest in the MSBA's program for school building construction, renovation, and repair grants through the Fiscal Year 2012 Statement of Interest ("SOI") process.

Overall, the MSBA received 280 SOIs from 121 different school districts for consideration in Fiscal Year 2012. In reviewing SOIs, the MSBA identifies the school facilities that have the greatest and most urgent need based on an assessment of the entire cohort of SOIs that are received for consideration each fiscal year.

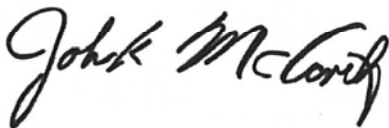

Through the MSBA's due diligence process and review of the 280 FY 2012 SOIs that were received, the MSBA has determined that the following SOIs submitted by the District will not be invited into the MSBA's Accelerated Repair Program or the Eligibility Period at this time:

Stoughton High School
South Elementary School

If the District would like these schools to be considered for future collaboration with the MSBA, the District should file an SOI in an upcoming fiscal year. The MSBA will be accepting SOIs for consideration in FY 2013 starting on January 9, 2013 and will be sending detailed information regarding that process to districts shortly.

Please feel free to contact me or Brian McLaughlin, MSBA Capital Program Manager at (617) 720-4466 should you have any questions.

Sincerely,

John K. McCarthy
Executive Director
