**MASSACHUSETTS DEPARTMENT OF ELEMENTARY AND SECONDARY EDUCATION  
COORDINATED PROGRAM REVIEW REPORT**

**Stoughton Public School District**

**SCOPE OF COORDINATED PROGRAM REVIEWS**

As one part of its accountability system, the Department of Elementary and Secondary Education oversees local compliance with education requirements through the Coordinated Program Review (CPR). All reviews cover selected requirements in the following areas:

Special Education (SE)

- selected requirements from the federal Individuals with Disabilities Education Act (IDEA-2004); the federal regulations promulgated under that Act at 34 CFR Part 300; M.G.L. c. 71B, and the Massachusetts Board of Education's Special Education regulations (603 CMR 28.00), as amended effective March 1, 2007. The 2010-2011 Web-based Monitoring System (WBMS) districts conducted self-assessments across all criteria.

Civil Rights Methods of Administration and Other General Education Requirements (CR)

- selected federal civil rights requirements, including requirements under Title VI of the Civil Rights Act of 1964; the Equal Educational Opportunities Act of 1974; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973, and Title II of the Americans with Disabilities Act of 1990, together with selected state requirements under M.G.L. c. 76, Section 5 and M.G.L. c. 269 §§ 17 through 19.
- selected requirements from the Massachusetts Board of Education's Physical Restraint regulations (603 CMR 46.00).
- selected requirements from the Massachusetts Board of Education's Student Learning Time regulations (603 CMR 27.00).
- various requirements under other federal and state laws.

English Learner Education (ELE) in Public Schools

- selected requirements from M.G.L. c. 71A, the state law that governs the provision of education to limited English proficient students, and 603 CMR 14.00, as well as the No Child Left Behind Act of 2001 and Title VI of the Civil Rights Act of 1964. During the 2010-2011 school year, all districts that enroll limited English proficient students will be reviewed using a combination of updated standards and a self-assessment instrument overseen by the Department's Office of Language Acquisition and Academic Achievement (OLAAA), including a request for information regarding ELE programs and staff qualifications.

Some reviews also cover selected requirements in:

Career/Vocational Technical Education (CVTE)

- career/vocational technical education programs under the federal Carl D. Perkins Vocational and Technical Education Act of 1998 and M.G.L. c. 74.

Districts providing Title I services participate in Title I program monitoring during the same year they are scheduled for a Coordinated Program Review. Details regarding the Title I program monitoring process are available at: <http://www.doe.mass.edu/titlei/monitoring>.

## COORDINATED PROGRAM REVIEW ELEMENTS

**Team:** Depending upon the size of a school district and the number of programs to be reviewed, a team of two to eight Department staff members conducts onsite activities over two to five days in a school district or charter school.

**Timing:** Each school district and charter school in the Commonwealth is scheduled to receive a Coordinated Program Review every six years and a mid-cycle special education follow-up visit three years after the Coordinated Program Review; about fifty-two school districts and charter schools are scheduled for Coordinated Program Reviews in 2010-2011, of which all districts participated in the Web-based Monitoring System (WBMS). The Department's 2010-2011 schedule of Coordinated Program Reviews is posted on the Department's web site at <<<http://www.doe.mass.edu/pqa/review/cpr/schedule.html>>>. The statewide six-year Program Review cycle, including the Department's Mid-cycle follow-up monitoring schedule, is posted at <<<http://www.doe.mass.edu/pqa/review/cpr/6yrcycle.html>>>.

**Criteria:** The Program Review criteria for each WBMS review, begins with the district/school conducting a self-assessment across all fifty-two current special education criteria. Program Quality Assurance through its Desk Review procedures examines the district/school's self-assessment submission and determines which criteria will be followed-up on through onsite verification activities. For more details, please see the section on **The Web-based Approach to Special Education Monitoring** at the beginning of the School District Information Package for Special Education.

The requirements selected for review in all of the regulated programs are those that are most closely aligned with the goals of the Massachusetts Education Reform Act of 1993 to promote student achievement and high standards for all students.

**WBMS Methods:** Methods used in reviewing special education programs include:

Self-Assessment Phase:

- District/school review of special education documentation for required elements including document uploads. Upon completion of this portion of the district/school's self-assessment, it is submitted to the Department for review.
- District/school review of a sample of special education student records selected across grade levels, disability categories and level of need. Additional requirements for the appropriate selection of the student record sample can be found in **Appendix II: Student Record Review Procedures** of the School District Information Package for Special Education.

Upon completion of this portion of the district/school's self-assessment, it is submitted to the Department for review.

On-site Verification Phase: Includes activities selected from the following;

- Interviews of administrative, instructional, and support staff consistent with those criteria selected for onsite verification.

- Interviews of parent advisory council (PAC) representatives and other telephone interviews, as requested, by other parents or members of the general public.
- Review of student records for special education: The Department may select a sample of student records from those the district reviewed as part of its self-assessment, as well as records chosen by the Department from the special education student roster. The onsite team will conduct this review, using standard Department procedures, to determine whether procedural and programmatic requirements have been implemented.
- Surveys of parents of students with disabilities: Parents of students with disabilities whose files are selected for the record review, as well as the parents of an equal number of other students with disabilities, are sent a survey that solicits information regarding their experiences with the district's implementation of special education programs, related services, and procedural requirements.
- Observation of classrooms and other facilities: The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

*Note on collaborative programs and services:* Where the district is a member of a collaborative approved by the Department of Elementary and Secondary Education and is a site for programs or services operated by the collaborative, interviews, student record review, and observation of classrooms are conducted for the collaborative.

**Methods for all other programs in the Coordinated Program Review:**

- Review of documentation about the operation of the charter school or district's programs.
- Interviews of administrative, instructional, and support staff across all grade levels.
- Telephone interviews as requested by other parents or members of the general public.
- Review of student records for English learner education and career/vocational technical education: The Department selects a representative sample of student records for the onsite team to review, using standard Department procedures, to determine whether procedural and programmatic requirements have been implemented.
- Surveys of parents of English learners whose files are selected for the record review are sent a survey of their experiences with the district's implementation of the English learner education program and related procedural requirements.
- Observation of classrooms and other facilities: The onsite team visits a sample of classrooms and other school facilities used in the delivery of programs and services to determine general levels of compliance with program requirements.

**Report: Preparation:**

At the end of the onsite visit, the onsite team will hold an informal exit meeting to summarize its comments for the superintendent or charter school leader and anyone else he or she chooses. Within approximately 45 business days of the onsite visit, the onsite chairperson will forward to the superintendent or charter school leader (and collaborative director where applicable) a Draft Report containing comments from the Program Review. The Draft Report comments for special education are provided to the district/school on-line through the Web-based Monitoring System (WBMS). These comments will, once the district has had a chance

to respond, form the basis for any findings by the Department. The district (and collaborative) will then have 10 business days to review the report for accuracy before the publication of a Final Report with ratings and findings (see below). The Final Report will be issued within approximately 60 business days of the conclusion of the onsite visit and posted on the Department's website at <http://www.doe.mass.edu/pqa/review/cpr/reports/>.

**Content of Final Report:**

*Ratings.* In the Final Report, the onsite team gives a rating for each compliance criterion it has reviewed; those ratings are “Commendable,” “Implemented,” “Implementation in Progress,” “Partially Implemented,” “Not Implemented,” and “Not Applicable.” “Implementation in Progress,” used for criteria containing new or updated legal requirements, means that the district has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented by the end of the school year.

*Findings.* The onsite team includes a finding in the Final Report for each criterion that it rates “Commendable,” “Partially Implemented,” “Not Implemented,” or “Implementation in Progress,” explaining the basis for the rating. It may also include findings for other related criteria.

**Response:** Where criteria are found “Partially Implemented” or “Not Implemented”, the district or charter school must propose corrective action to bring those areas into compliance with the relevant statutes and regulations. This corrective action plan (CAP) will be due to the Department within 20 business days after the issuance of the Final Report and is subject to the Department's review and approval. Department staff will offer districts and charter schools technical assistance on the content and requirements for developing an approvable CAP.

Department staff will also provide ongoing technical assistance as the school or district is implementing the approved corrective action plan. **School districts and charter schools must demonstrate effective resolution of noncompliance identified by the Department as soon as possible but in no case later than one year from the issuance of the Department's Final Program Review Report.**

## **INTRODUCTION TO THE FINAL REPORT**

A seven-member Massachusetts Department of Elementary and Secondary Education team visited Stoughton Public Schools during the week of January 31, 2011 to evaluate the implementation of selected criteria in the program areas of special education, civil rights and other related general education requirements, English learner education and career/vocational/technical education. The team appreciated the opportunity to interview staff and parents, to observe classroom facilities and to review the programs underway in the district.

The Department is submitting the following Coordinated Program Review Report containing findings made pursuant to this onsite visit. In preparing this report, the team reviewed extensive written documentation regarding the operation of the district's programs, together with information gathered by means of the following Department program review methods:

- Interviews of 13 administrative staff.
- Interviews of 70 teaching and support services staff across all levels.
- Interviews of two parent advisory council (PAC) representatives.
- Interview of one additional parent.
- Interview of one Advisory Committee member to the career/vocational/technical education program.
- Two telephone interviews as requested by persons from the general public.
- Interviews of 18 students.
- Student record reviews: Samples of 59 special education student records and ten English learner education student records were selected by the Department. These student records were first examined by local staff, whose findings were then verified by the onsite team using standard Department record review procedures.
- Surveys of parents of students with disabilities: 62 parents of students with disabilities were sent surveys that solicited information about their experiences with the district's implementation of special education programs, related services and procedural requirements. Twelve of these parent surveys were returned to the Department of Elementary and Secondary Education for review.
- Surveys of parents of ELE students: Ten parents of ELE students were sent surveys that solicited information about their experiences with the district's implementation of English learner education programs, services, and procedural requirements. Two of these parent surveys were returned to the Department of Elementary and Secondary Education for review.
- Observation of classrooms and other facilities. A sample of 21 instructional classrooms, eight vocational classes and other school facilities used in the delivery of programs and services was visited to examine general levels of compliance with program requirements.

The report includes findings in the program areas reviewed organized under nine components. These components are:

- Component I: Assessment of Students**
- Component II: Student Identification and Program Placement**
- Component III: Parent and Community Involvement**
- Component IV: Curriculum and Instruction**
- Component V: Student Support Services**
- Component VI: Faculty, Staff and Administration**
- Component VII: Facilities**
- Component VIII: Program Evaluation**
- Component IX: Recordkeeping and Fund Use**

The findings in each program area explain the “ratings,” determinations by the team about the implementation status of the criteria reviewed. The ratings indicate those criteria that were found by the team to be substantially “Implemented” or implemented in a “Commendable” manner. (Refer to the “Definition of Compliance Ratings” section of the report.) Where criteria were found to be either “Partially Implemented” or “Not Implemented,” the district or charter school must propose to the Department corrective actions to bring those areas into compliance with the controlling statute or regulation. Districts are expected to incorporate the corrective action into their district and school improvement plans, including their professional development plans.

**Stoughton Public School District**

**SUMMARY OF COMPLIANCE CRITERIA INCLUDED IN THIS REPORT  
REQUIRING CORRECTIVE ACTION**

<b>PROGRAM AREA</b>	<b>PARTIALLY IMPLEMENTED</b>	<b>NOT IMPLEMENTED</b>	<b>OTHER CRITERIA REQUIRING RESPONSE</b>
<b>Special Education</b>	SE 7, SE 8, SE 13, SE 18B, SE 55, SE 56		
<b>Civil Rights and Other General Education Requirements</b>	CR 16		
<b>English Learner Education</b>	ELE 5, ELE 8, ELE 9, ELE 10, ELE 11, ELE 15, ELE 16, ELE 18	ELE 17	
<b>Career/Vocational Technical Education</b>	CVTE 3, CVTE 9, CVTE 11, CVTE 12, CVTE 13, CVTE 20, CVTE 22, CVTE 23	CVTE 2, CVTE 8, CVTE 10, CVTE 15, CVTE 24	

**NOTE THAT ALL OTHER CRITERIA REVIEWED BY THE DEPARTMENT THAT ARE NOT MENTIONED ABOVE HAVE RECEIVED AN “IMPLEMENTED” OR “NOT APPLICABLE” RATING.**

## DEFINITION OF COMPLIANCE RATINGS

<b>Commendable</b>	Any requirement or aspect of a requirement implemented in an exemplary manner significantly beyond the requirements of law or regulation.
<b>Implemented</b>	The requirement is substantially met in all important aspects.
<b>Implementation in Progress</b>	This rating is used for criteria containing new or updated legal requirements and means that the district has implemented any old requirements contained in the criterion and is training staff or beginning to implement the new requirements in such a way that the onsite team anticipates that the new requirements will be implemented by the end of the school year.
<b>Not Implemented</b>	The requirement is totally or substantially not met.
<b>Not Applicable</b>	The requirement does not apply to the school district or charter school.

**SPECIAL EDUCATION**

**Department of Elementary and Secondary Education Findings:**

*A review of the documents indicated that while the district sends notice to students 16 or over leaving school without a high school diploma, certificate of attainment, or certificate of completion, the notice does not indicate that the student and parent or guardian may meet with a representative of the district within ten days from the date the notice was sent and does not include information indicating that, at the request of the parent or guardian, the district may consent to an extension of the time for the meeting of not longer than fourteen days.*

*The district has developed a standard notice sent to former students who have not yet earned their competency determination and who have not transferred to another school, but has not yet begun the process of mailing these notices.*

	<p><b>Rating: Partially Implemented</b>                      <b>District Response Required: Yes</b></p>

**Department of Elementary and Secondary Education Findings:**

*Record review and interviews indicate that the district does not include students in the ELL program until it receives parental consent. This is an inappropriate practice, as it can lead to delays in the provision of appropriate programming for limited English proficient (LEP) students.*

*Documentation and interviews indicate that the district is in the process of training content teachers in the four categories of sheltered English immersion (SEI) professional development, and that it has a SEI professional development plan for 2010-2012. However, interviews and documentation indicate that at this time, LEP students are not placed in SEI classrooms with teachers deemed as qualified.*

*Documentation and interviews indicate that the district has implemented a plan this school year to ensure that teachers at the West Elementary School, which is the district’s ELE program elementary school and enrolls over half of the English language learners in the district, receive all four categories of SEI training. The district submitted conflicting documentation, however, as one*

*document submitted with the district's Title III grant application indicates that virtually all classroom teachers at the West Elementary School have received Category 1 and 3 trainings, and another indicates that of 19 teachers with English language learners in their classrooms, 10 have received category 1, 18 have received category 2, and 15 have received category 3. Interviews and documentation indicate that category 2 and category 4 will be offered at West Elementary School during the 2010-2011 school year to ensure that virtually all West Elementary School teachers have completed the training prior to the conclusion of FY'11.*

*Very few teachers at the district's other four elementary schools have received category training:*

- At the Dawe Elementary School, where nine teachers enroll English language learners in their classrooms, one teacher has received one category training, while eight have received no category training.*
- At the Gibbons Elementary School, nine teachers enroll English language learners in their classrooms, and only five have received category 1 training and only four have received category 3 training.*
- At the Hansen Elementary School, nine teachers enroll English language learners in their classrooms, but none have received any category training.*
- At the South Elementary School, five teachers enroll English language learners in their classrooms, but none have received any category training.*

*Similarly, no content teachers of English language learners at the O'Donnell Middle School have received training in all four categories. However, documentation indicates that a plan for training grade level teams of content teachers (grades 6-8) at this school is scheduled to be implemented this school year, and that all four categories of SEI training should be completed by all content teachers at the middle school by the conclusion of FY'12.*

*Documentation and interviews indicate that the high school is far behind the other district schools in terms of category trained teachers. No math, social studies or science teachers of English language learners have received any category training, and although five English/Language Arts teachers teach English language learners, only four have received training in category 1 and only three have received training in category 3.*

*Documentation indicates that the district provides English language learners between one and three hours of English as a Second Language (ESL) instruction daily. Documentation and interviews indicate that most level 1 and 2 students at the elementary level (all but one) do not receive ESL consistent with Department guidance; interviews indicate that this is due to staffing levels. See: <http://www.doe.mass.edu/mcas/mepa/2009/guidance.pdf>. Interviews indicate that while most high school students receive sufficient hours of ESL instruction, the district is unable to group students by proficiency levels, due to staffing. In particular, the district's ESL 3 course includes students who are at levels 1, 2 and 3.*

*Documentation and interviews indicate that the district plans to hire an additional ESL teacher, and has created a .5 ESL administrator position, contingent on funding.*
